Application to join the water district

YOUTH

STEWARDSHIP COMMISSION

The Santa Clara Valley Water District selects 15–20 high school students annually from Santa Clara County to serve on a youth commission!

The Youth Stewardship Commission explores careers in the water industry and fosters stewardship and responsibility for natural resources. Student commissioners serve a one year term.

They become acquainted with the water district's functions, facilities and careers through presentations, off-site and on-site activities, tours, shadowing experiences and mentoring by current water district employees. The commissioners have the opportunity to visit operational and wetland sites.

The Santa Clara Valley Water District is the primary water resource agency for Santa Clara County, supplying wholesale water, providing flood protection and serving as an environmental steward for clean, safe creeks and healthy ecosystems.

An application form is on the back of this page.

Volunteer Opportunity for High School Students

Membership Criteria

- High school student within Santa Clara County
- Able to provide transportation to and from the water district (5700 Almaden Expressway)
- Able to participate in one on-site or off-site meeting or activity every month during the Youth Commission Time commitment

Activities may include:

1. After-school student commission meeting(s) at the water district
 2. Off-site tour(s) or activities during school hours, after-school or on weekends
- Participate in National River Clean Up Day on the third Saturday in May
 - Willingness to learn about and/or participate in the Adopt-a-Creek Program, water conservation, flood protection, stream stewardship, water supply, water quality, maintenance or water operations program(s)
