ADDENDUM NO. 3
TO CONTRACT DOCUMENTS FOR THE
IRP2 WATER TREATMENT PLANT OPERATIONS BUILDINGS SEISMIC RETROFIT PROJECT –
PWTP AND PWTP CLEARWELL RECOAT AND REPAIR PROJECT
Project Nos. 93764003 & 93234043

Contract No. C0609

Notice is hereby given to Prospective Bidders that the Contract Documents are modified as hereinafter set forth.

BID DOCUMENTS

Item no.	Bid Form	Description
B3-1	9A Last Paragraph	<p>REPLACE sentence “The Subcontractor must be licensed and trained by the coating material manufacturer and have completed application of interior protective coatings using the specified elastomeric product for a minimum of five (5) steel reservoir projects, with diameters exceeding 120 feet, for water storage within the last five (5) years.”</p> <p>With: “The Subcontractor must be licensed and trained by the coating material manufacturer and have completed application of interior protective coatings using the specified elastomeric product for a minimum of five (5) steel reservoirs, concrete reservoirs, wastewater basins, chlorine contact tanks, or sludge digesters, within the last five (5) years.”</p>

MAPS AND CONSTRUCTION PLANS

Item no.	Drawing No.	Description
IRP2 WATER TREATMENT PLANT OPERATIONS BUILDINGS SEISMIC RETROFIT PROJECT		
D3-1	G-3	DELETE the second sentence to Signage Note 1.
D3-2	S-2	DELETE ""LP" from "LP TOC EL 440.00" callout located approximately at grid lines C & D and 3.6.
D3-3	H-2	REPLACE "SERVER" with "COMPUTER" in Note 2.

ANSWERS TO QUESTIONS SUBMITTED DURING BIDDING

Item no.	Question	Response <i>Revised from Prior Addenda</i>
Q1-3	Would the District modify the restrictive qualification in Bid Form 9A for the Steel Reservoir Coatings Subcontractor?	No. See Addendum 3 Bid Documents B3-1.
Q2-6	Given the economic conditions since 2008, the requirements for the tank contractor to have built five (5) tanks greater than 120' in diameter during the past five years is excessive. Similarly, the requirements for the tank coatings subcontractor to have coated five (5) tanks greater than 120' in diameter during the past five years, using the specified coating system are overly restrictive. We strongly suggest that these requirements be removed.	See Addendum 1 response to question Q1-3 Addendum 3 Bid Documents B3-1 and Addendum 2 Bid Documents B2-1.

THIS ADDENDUM NO. 3, WHICH CONTAINS 2 PAGES AND NO ATTACHMENTS, IS ATTACHED TO AND IS A PART OF THE SPECIFICATIONS AND CONTRACT DOCUMENTS FOR THIS PROJECT.

 Katherine Owen, P.E.
