**ADDENDUM NO. 7  
TO CONTRACT DOCUMENTS FOR THE  
PERMANENTE CREEK FLOOD PROTECTION PROJECT-  
RANCHO SAN ANTONIO DETENTION BASIN  
Project No. 26244001; Contract No. C0617**

Notice is hereby given to Prospective Bidders that the Contract Documents are modified as hereinafter set forth.

**BID DOCUMENTS**

**BID FORM No. 1 Proposal Form and Bid Items**

**REPLACE** BID FORM NO. 1 Proposal Form and Bid Items with BID FORM NO. 1 (REV 3) Proposal Form and Bid Items (Attachment 1)

**SPECIFICATIONS AND CONTRACT DOCUMENTS**

**SPECIAL PROVISIONS**

**Section 18. ENVIRONMENTAL**

**Article 18.11.01 Removal of Contaminated Soil**

**REPLACE** Paragraph F. in its entirety with:

- "F. Phytophthora-impacted soil and sludge from the truck wash settling tanks must be removed from the project site. Stockpiling of phytophthora-impacted soil and sludge onsite will not be allowed."

**Section 20. EARTHWORK**

**Article 20.01.02 Description of Bid Items**

**REPLACE** Bid Items No. 45 and No. 46 with:

- "Bid Item No. 45 – Flush PCC Curb (edge block) in Parking Lot
- Bid Item No. 46 – Restroom Walkway and Sidewalk"

**ADDENDUM NO. 7  
PERMANENTE CREEK FLOOD PROTECTION PROJECT  
RANCHO SAN ANTONIO DETENTION BASIN**

TECHNICAL PROVISIONS

**Section 24. EARTHWORK**

**Article 24.01. Basin Excavation and Grading and Basin Excavation –  
Phytophthora Impacted—Bid Item No. 31 and 32**

**C. Testing and Submittals**

**DELETE** Item 5. in its entirety. (Addendum 5)

**Article 24.06. Place Embankment (Engineered Fill) —Bid Item No. 36**

**C. Testing and Submittals**

**DELETE** the last sentence of Item 2.

**ADD** Item 3. as follows:

“3. If Imported Earth fill Material is used, Contractor shall comply with the requirements of Article 6.36 of these Specifications.”

**Article 24.08. Structural Backfill**

**C. Testing and Submittals**

**REPLACE** Item 4. with:

“4. Structural backfill may be imported. Contractor shall comply with the requirements of Article 6.36 of these Specifications.”

**Article 24.10. Trench Backfill**

**C. Testing and Submittals**

**REPLACE** Item 3. with:

“3. Contractor shall comply with the requirements of Article 6.36 of these Specifications regarding import trench backfill.”

**Article 24.12. Bedding Material**

**C. Testing and Submittals**

**REPLACE** Item 2. with:

“2. Bedding material may be imported. Contractor shall comply with the requirements of Article 6.36 of these Specifications.”

**Article 24.13. Drainage Material**

**C. Testing and Submittals**

**REPLACE** Item 1. with:

“1. Drainage material may be imported. Contractor shall comply with the requirements of Article 6.36 of these Specifications.”

**Article 24.14. Class 2 Aggregate Base —Bid Item No. 37**

**D. Submittals**

**REPLACE** Item 1. with:

“1. Class 2 Aggregate Base may be imported. Contractor shall comply with the requirements of Article 6.36 of these Specifications.”

**Article 24.15. Class 3 Aggregate Base —Bid Item No. 38**

**D. Submittals**

**REPLACE** Item 1. with:

“1. Class 3 Aggregate Base may be imported. Contractor shall comply with the requirements of Article 6.36 of these Specifications.”

**Section 29. DRAINAGE FACILITIES**

**Article 29.02. Corrugated Metal Pipe (CMP) —Bid Items No. 75-78**

**B. Materials**

**REPLACE** Item 1. with:

- “1. Corrugated metal pipe shall be galvanized steel in accordance with Section 66-1.02E of the State Specifications.
- a. 24-inch and 36-inch corrugated metal pipe shall be a minimum 12-gauge.
  - b. 84-inch corrugated metal pipe shall be a minimum 10-gauge.”

**D. Testing**

**ADD** Item 2. as follows:

“2. Hydrostatic testing is not required for normal or soiltight joints.”

## GENERAL QUESTIONS & RESPONSE

|             |  |
|-------------|--|
| QUESTION 1. | <p>RE: Article 24.06.<br/>From Appendix B of the Geotech Report, it appears that none of the native soils samples achieve the required 40% clay content. Furthermore, the soils samples do NOT provide any info on Liq Limit or Plastic Limit (or PI).<br/>Is it Owner's intent that the Contractor <b>import</b> the Engineered Fill since native material does not meet specified requirements? If so, should a bid item be made for Import of Engineered Fill?</p>  |
| RESPONSE 1. | <p>Per Article 24.06.B.1, "Material for Place Embankment (Engineered Fill) construction shall be suitable material from basin excavation or structural excavation."</p> <p>The project documents have assumed, based upon available geotechnical data, that soil matching this specification is available on-site, or can be mixed/blended to conform to the specification. If the on-site soils cannot meet these requirements, this will be evaluated during construction.</p> <p>The data provided in Appendix B was from testing performed on appropriate soil samples, based upon classified soil types. Liquid Limit and Plastic Limit info can be found on PLATE NO: B-2.</p> |
| QUESTION 2. | <p>It is unclear from Section 29.02 whether the Contractor is required to hydro-test the 84" CMP line. Please clarify.</p>   |
| RESPONSE 2. | <p>Hydrostatic testing is not required for normal or soiltight joints.</p>   |
| QUESTION 3. | <p>Is it possible to treat the wash water from the truck wash for the phytophthora-impacted area with chlorine, etc...?</p>  |
| RESPONSE 3. | <p>Yes. Treated wash water can be re-used to wash additional trucks/equipment per the manufacturer's guidelines. However, the wash water must ultimately be disposed of in accordance to Article 24.01.</p>  |
| QUESTION 4. | <p>The Bid Item for Coarse Woody Debris in Addendum 5 is missing from the Bid Form.</p>  |
| RESPONSE 4. | <p>See Bid Item No. 122 per this Addendum No. 7.</p>   |

THIS ADDENDUM NO. 7, WHICH CONTAINS 5 PAGES AND 1 ATTACHMENT, IS ATTACHED TO AND IS A PART OF THE SPECIFICATIONS AND CONTRACT DOCUMENTS FOR THIS PROJECT.

**BID FORM NO. 1 (REV 3) Proposal Form and Bid Items**

*This form must be completed in **ink** and changes must be **initialed**.*

Honorable Board of Directors  
 Santa Clara Valley Water District (District)

Pursuant to, and in compliance with, the Notice to Bidders and the Contract Documents, relating to the **PERMANENTE CREEK FLOOD PROTECTION PROJECT-RANCHO SAN ANTONIO DETENTION BASIN**, the undersigned Bidder having become thoroughly familiar with the terms and conditions of the Contract Documents and with local conditions affecting the performance and costs of the Work and having fully inspected the Work site in all particulars, hereby proposes and agrees to fully perform the Work, including providing any and all labor and materials and performing all Work required to construct and complete said Work within the contract time stated and in accordance with the requirements of the Contract Documents, for the following sum of money.

The undersigned Bidder agrees to complete all the Work within **1,892** calendar days from the first chargeable day of the Contract, as stated in the Notice to Begin Work. The Bidder agrees to enter into a Contract with the District and provide the required bonds and insurance in accordance with Articles 4.03. & 4.04. of the Standard Provisions. If the Bidder fails to meet these requirements within the time specified in Article 4.04 of the Standard Provisions the Bidder's security accompanying this Proposal may be forfeited and become the property of the District. No Contract exists until all Contract bonds and insurance documents have been accepted by the District.

**TOTAL BID: \$** \_\_\_\_\_

Bidder acknowledges receipt of the following Addenda to the Bid Documents:  
 Addenda are posted online at [www.valleywater.org/Programs/Construction.aspx](http://www.valleywater.org/Programs/Construction.aspx).

**NO** Addenda received

Addenda received as follows:

|                    |            |                    |            |
